The Trust has ambition to grow over the next few years with an additional school per year joining.

The Trust employs around 200 people and delivers education to over 1400 students supported by £8.2m of government grant.

PRST Academy Trust is inviting tenders for the appointment of an internal assurance service for the 2023-24 to 2025-26 financial years. The contract will be for an initial period of three years with the option to extend by a further 2 x 12 month periods. The objectives for this tender are:

- Appoint a high quality provider delivering high standards of professional service
- Appoint a provider with qualified internal auditors with academy trust experience and wider cross-sector experience
- Deliver a contract that provides value for money
- Work with an audit partner who will add value to our Trust

The assessment criteria will be based on 40% cost and 60% quality.

The Academy Trust Handbook (formerly the Academies Financial Handbook) sets out the financial management, control and reporting requirements that apply to all academy trusts. It describes a financial framework for trusts that focuses on principles rather than detailed guidance and reflects their accountability to Parliament and to the public.

Compliance with the handbook is a condition of PRST funding agreement with the Secretary of State. The internal assurance service will assist Trustees in assessing this compliance.
